

CLASSROOM GOALS

Almost Three to Three-year-olds

These classroom/curriculum goals have been developed to make you aware of some of what your child will be exposed to throughout the year. This is not a guarantee that every child will fully master all concepts. Each child has their own individual developmental time table.

BIBLE

- To know God loves and cares for us
- To know God created all things
- To know God made them and they are special
- To realize that the Bible is God's Word and is true
- To learn that prayer is talking to God just like talking to a friend

SOCIAL

- To help parent & child separate easily
- To learn to play with friends
- To know there is a time to talk and a time to listen
- To sit and listen for short group time
- To follow simple directions
- To learn and practice good manners
- To verbally express feelings

PRACTICAL CLASSROOM & LIFE SKILLS

- To show respect for teachers and fellow students
- To have a very positive first-time school experience (one where they are eager to come and learn)
- To develop self-help skills
- To cooperate in classroom routines
- To recognize personal space

FINE MOTOR

- To work on developing and strengthening eye-hand coordination
- To work on developing and strengthening small muscles of fingers and hands
- To introduce safety with scissors & beginning scissor skills
- To learn how to hold pencil

(OVER)

GROSS MOTOR

- To exercise muscles in many fun large motor activities
- To catch a 10" ball with both hands
- To balance on one foot
- To practice jumping

PRE-READING/LANGUAGE

- To recognize printed name & some of alphabet letters in name
- To cultivate the love of stories & reading
- To introduce letters
- To introduce rhymes
- To introduce opposites
- To introduce positional words
- To build language and vocabulary

MATH

- To introduce & become familiar with 8 basic shapes
- To introduce and recognize numbers 0-5
- To rote count 0-5
- To build with blocks
- To begin sorting and matching skills

SCIENCE

- To realize that God created everything
- To introduce & learn major body parts
- To have numerous hands-on opportunities
- To provide sensory experiences
- To name common farm & zoo animals
- To build science language and vocabulary

ART

- To identify & name 8 basic colors
- To expose children to a variety of art experiences
- To encourage creativity

MUSIC

- To expose children to singing and music
- To foster listening skills and rhythm
- To encourage movement and enjoyment of music
- To practice memorization & language
